Attached please find a chart to summarize regarding the P&Z Regulations regarding both the building coverage and total coverage. This chart is not part of the zoning regulations.

This Chart is only meant as a guide to assist in determining what types of items fall into either the building coverage, total coverage or NOT including in either when calculating property coverage.

If you have questions, please visit P&Z office Room 203 any morning between 9:00 - 11:30 for a review.
