**Policy Regarding Parking Violation Hearings**

Connecticut General Statute 7-152b requires the traffic authority of each Town to appoint a hearing officer who must not be an employee of the Police Department.

The Westport Traffic Authority has appointed Attorney Wynne Bohonnon and Attorney Marlene Macaуда to act as the hearing officers.

**Policy**

Anyone who has received a parking violation ticket within the Town of Westport may apply for a hearing in person at Police Headquarters or request that an application be mailed. In order to receive proper attention it is essential that anyone requesting a hearing complete the entire application. The returned application must be received within 14 days from the issuance of the ticket.

All applications for a parking ticket hearing will be reviewed. Upon this review, the parking ticket is either voided, necessitating no further action, or a date is assigned for a hearing. In either case, the individual shall be so notified by mail.
