Eileen:

It's ok to put the letter into the file, but the appeal (actually we've asked for permission to appeal and don't have an answer yet) really has nothing to do with whether the FECB should hear the matter. Nothing prevents Summit from filing or pursuing its applications.

Pete

Pete:

Would you please advise Amrik and me about this?

Thanks,  
Eileen

Eileen,

I have a Flood & Erosion Control Board meeting tonight and we received this email from a resident this morning. I believe that the court decision she is referring to is regarding the sanitary sewer line/connection for Pump Station #2.

I do remember from the pre-application meeting for this project that the town could not prevent them from filing an application or our commission hearing it.

Would you be able to confirm the above? I know it's last minute, sorry for getting this up to you midday.

Dear Deb, Please forward to the members of the Flood and Erosion Control Board and include in the record for tonight's meeting. Thanks,  
Judy

Dear Members of the Flood and Erosion Control Board:

Please do NOT consider any application placed before you for a proposal whose status is under legal challenge in the courts.

Regarding tonight's agenda, I request this in reference to the Summit application for dense, multifamily construction in the Old Saugatuck neighborhood. The Town itself is appealing a court decision on this matter.

It does not seem appropriate, nor the best use of Town's time, personnel, and resources, to review a project under appeal.

Many thanks for your time and consideration.

Sincerely,

Judy Starr
