Press Release

Motor Vehicle Safety Reminders

(Westport, CT) The Town of Westport as well as surrounding communities have recently seen an increase in stolen motor vehicles as well as vehicle break-ins during the course of the last month. In all cases of vehicles being entered, which resulted in thefts, the doors were left unlocked. In all cases of vehicles being stolen, keys were left inside of the unlocked vehicle. All of these recent thefts have occurred in the overnight/early morning hours with the most recent having taken place in the overnight hours of Monday July 8, 2019.

The Westport Police Department reminds you to please lock your car and bring your keys inside. Please remember to take valuables out of your car for the night, such as purses, wallets and electronics. It is also good practice to keep outside lights on and motion lights activated. Please notify the police department if it appears that your vehicle was entered or if you should observe anything suspicious in your neighborhood.
