MEMORANDUM

To: Planning & Zoning Staff

From: Mary Young, *Planning & Zoning Director*

Date: September 01, 2018

Subject: **Reviewing Excavation & Fill pursuant to Amendment #626, Regulation Sec 32.**

The following is a series of questions that you may need to answer when reviewing grading plans to determine if an excavation & fill application is required:

- 1) ***Is all of the proposed regrading within 25 feet of a principal building or structure, driveway, swimming pools, tennis court, sports court or septic system?***

If all of the proposed regrading is located within 25 feet of the items listed above then a separate Excavation & Fill Application is NOT required. See §32-8.1.2(a).

If all proposed regrading is located within 5 feet of the new subsurface drainage system on the same premises then a separate excavation & fill application is NOT required. See §32-8.1.2(b).

- 2) ***Is the proposed regrading part of a Subdivision, Site Plan or Special Permit application that is already going to be reviewed by the Planning & Zoning Commission?***

If the proposed regrading is part of one of the above referenced application type that is to be heard by the Planning & Zoning Commission a separate excavation and fill application is NOT required. See §32-8.1.2(c)

- 3) ***Does the proposed regrading extend beyond the limits in an application that was originally approved by the Planning & Zoning Commission?***

If in the course of issuing a Zoning Permit regrading activities extend beyond the scope of what was approved by the Planning & Zoning Commission as part of a Subdivision, Site Plan or Special Permit application a separate excavation & fill application will YES be required. See §32-8.1.2(c)

- 4) ***When do the standards in Westport Regulations §32-8.3 apply?***

All regrading activities must comply with the standards found in §32-8.2 even those activities that meet the exemption criteria in §32-8.1. See §32-8.1

- 5) ***Is landscaping or the temporary removal and stockpiling of top soil a regulated activity?***

No. §32-8.1.2(i) specifically exempts landscaping or the temporary stockpiling of top soil from being considered a regulated activity.

6) Is pumping of groundwater to the surface permitted when it changes natural drainage patterns?

No it is not. Pumping of groundwater to the surface that changes natural drainage patterns is prohibited. See §32-8.3.10

7) What is the maximum amount of excavation or fill that can be allowed on property?

See §32-8.2.1(a) For lots of 10,000 SF or more (1 acre example)

$$\text{Lot area (43,560) x Coverage (0.25) = 10,890 x 10 = 108,900 / 27 = 4,033 X 0.5 = 2,017 \text{ cubic yards of cut or fill allowed}$$

For lots under 10,000 SF the maximum amount of cut or fill is 500 cubic yards (see 32-8.2.1(c))

8) What is the maximum fill height allowed on a property?

The maximum fill height, is relative to the distance from the property line but in no location can it exceed 10 feet. See §32-8.2.3. The fill height cannot exceed a ratio 0.20 relative to the distance to the property line. See the chart below for examples:

<u>Distance from Property Line</u>		<u>Maximum Fill Height</u>
50 feet	X 0.20	10 feet
30 feet	X 0.20	6 feet
25 feet	X 0.20	5 feet
20 feet	X 0.20	4 feet
15 feet	X 0.20	3 feet
7.5 feet	X 0.20	1.5 feet

9) Are cuts and fills counted separated or are they cumulative?

Cuts and fills are added together to obtain the net cut and fill. See §32-8.2.6. This means that even material that is excavated from and reused on the same site must be counted in the cut and fill calculations.

10) Is any grading taking place within 5 feet of the property line?

§32-8.3.2 prohibits any regrading within 5 feet of the property line. If there is grading within 5 feet of the property line that is not associated with a driveway the application cannot be approved and may require a variance.

11) Can exempt activities (within 25 feet of a building or structure), be done without a permit?

No. §32-8.1.1 requires that zoning permits be issued before any activities can be considered exempt except for incidental landscaping, repairs and stockpiling of top soil.

SUBJECT: Complete Applications & Receipt of Materials

**THIS NOTICE IS FOR ALL APPLICANTS WHO FILE APPLICATIONS FOR REVIEW
BY THE PLANNING & ZONING COMMISSION OR THE ZONING BOARD OF APPEALS**

Applicants are to submit all materials necessary to review an application in a timely manner in order to allow for adequate time for review by staff, members of the Planning and Zoning Commission and/or members of the Zoning Board of Appeals.

Effective January 1, 2009 pursuant to Sections 43-4, 44-1, 46-4 and 52-3 all applicants must submit the required documents for an application at the time of submission in order to be considered a complete application. An application must be complete a minimum of 7 days prior to a public hearing. A public hearing will not be held for incomplete applications.

Subsequent plan modifications and/or supplemental materials may be submitted. However, pursuant to Section 43-3.2 and 52-3.2 such materials must be submitted at least 14 days prior to the scheduled public hearing date, subject to the exception below. This requirement may be waived by the Chairman of the elected Commission and/or Board at its discretion.

Materials submitted less than 14 days prior to a hearing will be received into the record as required in accordance with the Connecticut General Statutes. Items submitted less than 14 days prior to a public hearing or at a public hearing, may not be reviewed or discussed until the next scheduled hearing. A hearing may be left open if substantial materials are submitted by an applicant less than 7 days prior to the hearing to allow adequate time for review by staff, members of the Planning and Zoning Commission and/or members of the Zoning Board of Appeals. This requirement may be waived by the Chairman of the elected Commission and/or Board at its discretion.

Thank you for your cooperation.
