We request that the ZBA deny any further consideration to the development of this property either in the original approval or any variance of that approval.

The owner and their representatives have misled the ZBA and Westport community as respects their real intentions which have proven to be misleading and false.

We request the ZBA to permanently stop all further construction and require the owners to dismantle and remove the entire structure from this address.

The ZBA needs to act in the best interest of our neighborhood and protect this beach from such infringement by individuals who totally disregard their neighbors and community shared public areas.

Please do not approve any further construction on this property. Please vote to remove it entirely.
