Regarding the unfinished house at 233 Hillspoint Rd. I am troubled by the events there and would like to see the Zoning Board of Appeals deny the pending variance request that would allow construction to proceed. I understand there has been more than one plan submitted and the changes allowed are questionable. I also understand that the Builder knowingly reached Beyond what they were allowed and hoped it would not be noticed. I believe it would send a poor message to other builders if construction were allowed to continue. Please stop this plan and have them re-submit a new plan that will not be violated during the construction.

Thank you.
