P&Z Department Wspt., Ct

We received the letter regarding a special permit for 20 Saugatuck Ave and have to wonder how they can sign a lease knowing they are short a parking place. Two years ago, when the property was given approval to put in the Goodard School, they had to have a parking plan for the entire site. There is still a "large" vacant area and we're concerned that it too may need additional parking spaces.

This is the same landlord who was to have bollard style lighting on the property, so the neighbors aren't bothered by lights all night, and then installs two overhead light poles.

There was no compromising on the school, and we are now subjected to screaming children, throughout the day, when the playground could have been placed away from homes.

We are personally not in favor of giving them special treatment, but a parking space isn't a big issue to us.
