RE: *Site Investigation*
5 Gordon Lane, Westport, Connecticut

JMM Job # 20-2671-WSP-3

Dear Ms. Mozian:

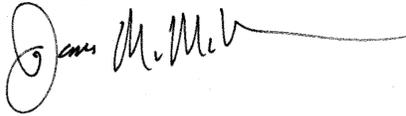

Per your request, Mr. James McManus of **JMM Wetland Consulting Services, LLC** (JMM) conducted a site visit at the above-referenced site on September 17th, 2020. The purpose of the investigation was to verify the accuracy of the wetland delineations conducted at the site by Ms. Aleksandra Moch, Soil Scientist. The review of the regulated wetland boundary was completed in accordance with the State of Connecticut Statutes. This +/- 1.09-acre site is located east of Gordon Lane and south of Bedford Drive, in Westport, CT (see Figure 1, attached).

All of the wetland flags were found during the on-site review and after a carefully inspection of the delineated boundary it is JMM's professional opinion that the regulated wetland boundary as shown on the submitted plans is substantially correct and no corrections and/or additions are needed.

Please call us if you have any questions on the above or need further assistance.

Respectfully submitted,

JMM WETLAND CONSULTING SERVICES, LLC
